

## Our Mission

The North India Christian Children's Education (NICCE) Foundation is a non-profit corporation organized exclusively for charitable, religious, and educational purposes. We are dedicated to promoting the betterment of children in Northern India through education, religious awareness, housing assistance, and service opportunities.

Our main purpose is to assist in the construction and operation of children's homes, schools, and the buildings associated with them through financial aid, informational materials, encouragement, and child sponsorships. Children's homes and schools associated with the NICCE Foundation are based on Christian morals and standards.

**Helping to build and run Christian  
children's homes and schools in  
the rural villages of North India**

There is a great need for Christian children's homes & schools in North India. Since most people in India are either Hindu or Muslim, children have to be sent to Central and Southern India for Christian schooling, creating a hardship on the family.

The NICCE Foundation financially assists communities with constructing and operating Christian children's homes & schools so children can be provided for and educated locally. We promote the betterment of children in North India while providing education and religious awareness.

Our homes & schools are based on Christian beliefs and values. Children are taught the importance of prayer and devotion as they gather together at least once a day to read the Bible and worship. They are counseled in the ways of Christ and raised in a Christian manner, learning how to share their faith daily so that they can truly make an impact as Godly adults in a secular world. The hope of this foundation is that every child will use their love of the Lord to fulfill their God-given potential.
